Coast Industrial Sales

Representing quality manufacturers in California, Nevada, and Arizona since 1982 has allowed Coast Industrial Sales to become one of the most sought-after independent manufacturer's representative firms. With a proven track record of selling to distributors, our manufacturers experience increased profits and market share through Coast's reputation and quality work. We support all aspects of sales and service representing manufacturers of cutting tools and inserts, tool holders, work holding, and coolants/cleaners.
